From the central railway station to the Europaallee.

The stairway now leads travellers quickly and without obstruction from the Sihlquai Passage and the Löwenstrasse/Zürich HB railway station to the Europaplatz, which by the end of the construction period had an area of 6,000m². The improvement consists of steps, escalators and lifts. It also provides direct access to the Europaplatz bicycle station.

Impressions

Image notes

1

For convenient access.

The widening enables convenient access to the Europaplatz.
