Expansion and overall renovation of the barracks area.

Southwest construction site.

- An armament building (RV) - primarily serves to handle goods for deployment and training material on the barracks grounds
- A workshop (WH)

With regard to the energy standard to be achieved, the Minergie specifications are implemented for the AK, FA, WH, RV buildings and the Minergie ECO label specifications for the UE building.

Impressions

Image notes

1

Universal infrastructure for long-term use.

Several outposts will be integrated into the Auenfeld barracks.

2

The construction site west.

The master builder work is in full swing and the metal hall structure is being erected.
